## The Little Cat

I got a little cat for my birthday.  
My mom put her in a small box.

I opened the box and smiled. I saw a little brown kitten! She had a pink bow around her neck. She purred when I took her out of the box. She even licked my nose! I named my cat Missy. We play every day. She sleeps in my bed every night. Getting a cat was a great birthday present! I love my little cat!
